

EDUCATION PACK

TITANIC'S DOCK AND PUMP-HOUSE

Northern Ireland Science Park

Introducing a new resource across Northern Ireland. This is a worthwhile experience across the curriculum allowing the children to develop skills in thinking, problem-solving and decision making.

Transforming dreams into commercial reality

Titanic's physical footprint in history

EDUCATION PACK PRE-VISIT ACTIVITIES

Northern Ireland Science Park

Before visiting Titanic's Dock and Pump-House, it is suggested that you begin with an introductory activity that will attract your pupil's attention and help you discover what they may already know...

The Titanic in the background, workers leaving to go home
Ulster Folk and Transport Museum

Our pre-visit activity pack aims to;

- Introduce the dock area
- Explain the construction of a ship
- Trace the growth of Belfast as a port
- Inform about the innovations – Titanic, the Dry-Dock and the Pump-House
- Recount the background to Queen's Island
- Introduce the main players in the shipbuilding story

A cartoon character named Mr Morris, wearing a black top hat, a black suit with a white shirt and black tie, and round yellow-rimmed glasses. He has a thin mustache and his hands are clasped in front of him.

My name is Mr Morris. I will be guiding you through all the activities involved in your education pack.

A cartoon character named Johnny, wearing a brown cap, a light-colored short-sleeved shirt, and dark trousers. He is walking and looking towards the left.

I'm Johnny. I will be offering my help throughout the visit and sharing some of my own experiences with you...

Olympic liner in the Dry-Dock
Ulster Folk and Transport Museum

Olympic and Titanic, 1912

EDUCATION PACK
